RPSC Chapter 134

The Postal History Society of Canada

Originally founded in 1972 as the Postal History Society of Ontario, our name was changed in June 1977 to reflect the expanded nature and scope of our interests. It is a non-profit organization that promotes the study of Canadian postal history and communication among members at all levels of expertise. We invite you to be part of this adventure into postal history.

Currently, the Society publishes an award-winning, 76-page quarterly, the *PHSC Journal*. Contents include a balance from fully-researched feature articles to items of current interest on the full spectrum of BNA postal history – from the pre-stamp era through the various postmark specialities, meters, and regional histories. We encourage postal historians and members of the Society to share their knowledge by submitting an article to the *Journal*.

The Society offers two websites, the first which promotes our activity with selected articles from the journal and the second which is a growing reference database of BNA postal history involving members across the country. The latter will ultimately contain complete historical listings of Canadian post offices and detail of most of the postmark types used over the last two centuries plus an index and complete copies of our *Journal* and most study-group newsletters. Our *Journal* and websites are supported by prominent dealers in Canadian postal history.

Two annual awards are offered to writers: the *Stan Shantz Award* is presented annually to the author of the article deemed most worthy in the *PHSC Journal*, and the *Frank W. Campbell Award* for major contributions to the study of BNA postal history in other publications. The *Ritch Toop Memorial Award* is offered annually at national-level shows held in Edmonton and Ottawa, for the best military postal history exhibit of sufficiently high quality. Via its *Allan Steinhart Memorial Fund*, it also provides support for research in postal history. Several Society study groups are devoted to specialized aspects of postal history.

Every spring, the Society holds an Annual Meeting, accompanied by a postal history seminar given by a prominent member of the Society. Postal history is a significant component of the social history of Canada. We welcome your interest.

Membership Application
